

Bowens QuickRing - Operating Instructions

The Bowens QuickRing with its EasyFlip 'D' Ring makes assembling softboxes quick & simple. Follow these instructions to get started.

1

Start by inserting a softbox rod into the socket on the right of the EasyFlip D Ring center socket. Position the Quickring so that, when complete, the lock lever faces out from the softbox.

2

Insert a second rod into the socket directly opposite the rod you inserted in step one. Then, insert a third rod into the socket directly across from the EasyFlip D Ring.

3

With the hinge 'open', insert the remaining softbox rod into the center socket of the EasyFlip D Ring.

4

Place your fingers on the underside of the EasyFlip D Ring and your thumbs on the top of the Quickring face. Squeeze the two rings together to lock your softbox QuickRing in place.

Bowens professional photographic lighting & accessories are available at all good photographic stores - worldwide! To find your nearest distributor, visit www.bowens.co.uk

Bowens Softboxes

The Bowens Softbox range includes seven softboxes ranging in size from 60cm (23½") to 140cm (55"), meaning that whatever the application, there is a Bowens Softbox suitable for the job, from small portraits and still life through to full length fashion shots.

Five of the Softboxes come complete with translucent inner diffusers which ensure a soft and very even light distribution. All seven come with a handy carry bag, ideal for storage and location work.

The Bowens Softbox silver interior combined with the shallow construction of the box offers a highly efficient quality light. Each Softbox is supplied with a Bowens S-Type adaptor and a Speedring.

Softbox 60 x 60

60 x 60cm (23½ x 23½")
Ideal for small portraiture or for still life photography. **BW1660**

Softbox 60 x 80

60 x 80cm (23½ x 31")
Rectangular shape perfect for portraiture. **BW1665**

Softbox 80 x 100

100 x 80cm (39½ x 31")
For larger portraits or when a softer light is required. **BW1675**

Softbox 100 x 100

100 x 100cm (39½ x 39½")
Our most popular size, suitable for a wide range of photography. **BW1680**

Softbox 100 x 140

140 x 100cm (55 x 39½")
Ideal for large group shots and commercial photography as well as room sets and general photography where a very soft light is required. **BW1685**

Softstrip 100 x 40

100 x 40cm (39½ x 15½")
The narrow profile of the strip gives a much sharper cut off, making it ideal for fashion and beauty. **BW1670**

Softstrip 140 x 40

140 x 40cm (55 x 15½")
Perfect for full length fashion and beauty photography. **BW1690**

All Bowens Softboxes come complete with Softbox, Five Rods, Rear Cowl, Front Diffuser, Inner Diffuser*, Carry Bag, RD3100 Speedring & S-Type adaptor.
* Softbox 60 & Softstrip 100 do not have an internal diffuser.
